Villas Saito is part of our newest project which will have several phases in the beautiful town of San Fulgencio. The town is well established with very little building going on so you know you are in a privileged place.

San Fulgencio is just short of 9km from the seaside town of Guardamar, with it's long white sandy beaches and elegant harbour with many bars, shops and restaurants lining it's seafront. Nevertheless, although San Fulgencio is a small town it does also have its fair share of entertainment and amenities as well as a varied cultural heritage that can be visited at its archeological museum as well as a very new theatre building.

Villas Saito lies just outside the main streets of the town so everyday shopping for groceries is a short walk into the town...
