Bedrooms : 5	**Views :** Countryside views	**Golf :**	50 min
Bathrooms : 0	**Parking :** Garage		

- ✔ Fireplace - Log Burner

We are to proud to present this large cave house close to Jumilla. The property is set in the mountain range in between Pinoso and Jumilla is a real back to nature property. While needed reforming the ceilings in the cave are in good condition.
The property is set over 2 floors. The ground floor is part house and part cave. The cave has 3 bedrooms and there is a further 2 to the front. The upper floor is 2 large rooms that could be converted into smaller bedrooms.
The property also benefits from a small garage and small plot of land in front of the main house. The electric and water is right at the front door and only needs connecting.
For more information about this amazing restoration project don't hesitate to contact us.
